Jason Lee Bruns Jazz Collective “Live at Catalina’s Jazz Club” Radio Report #12 [Final Radio Report](#)

I know I know normally when you see the word collective afixed to a band name you immediately get a bad taste in your mouth, but this time it actually tastes pretty good. There is some good variety here with both the vocal, percussion, and horn elements. Play and enjoy and repeat. Sounds Like: Dave Mathews Band vocals with Real Jazz percussion and horns Recommended Tracks: Track 2) Autumn Leaves 4/5 (A song about summer romances fading into fall, we've all been here don't lie, good use of levels to bring the listener up and down. Track 7) Send In The Clowns 4/5 (Sounds a lot like a Dave Mathews Band song, but it's also got some sweet drumming mixed in there with some semi emotional moments both in the lyrics and instruments).

~Daniel Witter, KAMP Tucson, AZ.
